Dear CSA Members,

Thanks for registering for the 2017 Community Supported Agriculture (CSA) program at Allandale Farm! Please review and sign this CSA agreement that includes guidelines and expectations for participation in our CSA. If you have any questions regarding any of the rules and regulations below, please do not hesitate to contact us at [csa@allandalefarm.com](mailto:csa@allandalefarm.com).

**Start Date:** The beginning of the CSA will likely be the first week of June. However, we ask for some flexibility due to the unpredictability of New England's spring weather. You will receive an email notification at least 10 days in advance of the first pick up date.

**Pick Up Time & Day:** We harvest, wash, and pack the exact number of shares that we need for our members. You may only come to pick up your box on your assigned day to avoid running out of shares for the other members. We're also very busy filling other orders and packing your produce, so you may only come during designated pick-up hours (2-7PM). All unclaimed shares will be donated to Lovin' Spoonfuls ([www.lovin Spoonfulsinc.org](http://www.lovin Spoonfulsinc.org)) every Thursday morning. If you will be unavailable for pick-up on your chosen day please plan to coordinate your pick-up with a friend or neighbor.

**Pick Up Location:** Shares will be available for pick up in the garage behind the farm store. Please be prepared to provide the last name under which the share is registered (for simplicity, please assign only one name to each share).

**Parking:** Parking is available in the main parking lot just off of Allandale Road in front of the farm store. **Please do not drive up to the garage** as that space is used for vendor deliveries, farm vehicles, tractor repairs, and summer camp congregation.

**Boxes:** Each share is packed in a cardboard box. These boxes are reusable and should be carefully opened as to not damage the tabs. After unpacking the contents, please fold the box down flat (see [this video](#) for a step-by-step instructional) to return to the farm each week. In addition to being more environmentally friendly, preserving the boxes in a usable condition saves us thousands of dollars each year and helps keep down the price of our shares.

We promise to do our best to provide you with the highest quality and largest diversity of farm-grown vegetables that we can. Thanks again for your support and we look forward to seeing you at the farm this summer!

*I understand that by registering I accept the inherent risks and rewards of participating in a CSA program. By signing, I acknowledge that agriculture is unpredictable and I will not receive a refund for any crop losses or failures.*
