

Job Description: Greenhouse and Nursery Crew

We are looking for hardworking, friendly and knowledgeable folks to join our Greenhouse and Nursery Production Crew. Full time (30-40 hour) positions are available for the 2017 season growing season from March through June with potential opportunities for part time summer employment. Applicants must be available to work the entirety of the season (March through June) without need for time off. Must be able to work one weekend day.

Responsibilities include:

- Plant production and maintenance in greenhouses and outdoor perennial nursery.
- Irrigation and systems repairs (drip systems, overhead watering, hand watering) as directed by supervisor.
- Moving plants from production to retail, ensuring product is at our highest standards
- Maintaining and cleaning greenhouse and nursery infrastructure, including weeding, sweeping, washing, raking.
- Reports to Greenhouse and Nursery Supervisor

Qualifications include:

- Proven interest in growing ornamental and edible crops
- Able to comfortably lift 50 lbs
- Able to work outside or in greenhouse conditions for 8-10 hours
- Self-starters who are mindful of our sustainable practices and the farm environment
- Proficiency in irrigation, planting procedure, pest/weed identification preferred
- English/Spanish language proficiency preferred
- Current Valid Driver's License and ability to drive manual vehicles/forklift preferred

Compensation:

- Competitive hourly wage commensurate with experience
- 25% employee discount in farmstand and garden center
